

# Live United Day

Third Friday in September

## OFFICE DRIVES

**Live United Day.** It's more than words on a page. It's a day of action when thousands of people work together to help people in the community.

There are several ways to get involved and not every project means you need to leave work that day. Many people can be helped when an office rallies together to collect items to donate. Here are some items our local pantries tell us are always in need:

### **Baby Formula Drive**

Did you know not all insurance plans cover infant medical nutrition products? Have a PediaSure drive! Or plan an Enfamil Gentlease drive and help a baby ease tummy discomfort. Or mix it up and get a variety of formulas!

### **Baby Diaper Drive**

Every parent knows how many diapers little ones need. Host a diaper and wipes drive, especially sizes 4 -5.

### **Cleaning Products Drive**

From dish soap, to scrubbers, to bowl cleaners, cleaning products are often a scarcity and a big help.

### **Personal Care Products Drive**

Tooth brushes, tooth paste, first aid kit items, deodorant, shampoos, soap, makeup – it's a big category with lots of ways to make a difference.

Call the United Way of Cass County to reserve your Live United t-shirts and wear them for your office drive on Live United Day!

For more information and ideas, please contact the United Way of Cass County at 574-753-3533.

## OFFICE DRIVES

**Live United Day.** It's more than words on a page. It's a day of action when thousands of people work together to help people in the community.

There are several ways to get involved and not every project means you need to leave work that day. Many people can be helped when an office rallies together to collect items to donate. Here are some items our local pantries tell us are always in need:

### **Book Drive**

Volunteer your office or place of business as a book drive drop-off location. Collect new children's books to help ensure that all children have books to read at home!

### **Food Drive**

Not everyone in our community goes through the day with enough to eat. Your office can host a food drive and provide local residents with this most basic of needs.

### **Blanket Drive**

Spread some warmth to someone fighting off a chill! A blanket drive will be well appreciated when cold nights are upon us.

### **Coat, Mitten, and Hat Drive**

Our Indiana winters can chill to the bone! A coat, mitten, and hat drive means our neighbors in need can be ready for it!

Call the United Way of Cass County to reserve your Live United t-shirts and wear them for your office drive on Live United Day!

For more information and ideas, please contact the United Way of Cass County at 574-753-3533.
